ARE WHO WE ARE

### A new vibrant fabric collection

Bolia enhances every sofa and armchair with seven new, beautifully woven fabrics in stunning colours and textures, offering even more creative customisation options. All fabrics are of the finest luxury quality, and Bolia ensures transparency by indicating the country of origin for each fabric and leather, from fibre growth to dyeing and weaving.

### Luxurious, traceable leathers

As part of its sustainability strategy, Bolia has partnered with Danish company SPOOR to introduce three luxurious and traceable leathers in elegant colours. Sourced from Danish and Swedish farms, these leathers are surplus from the food industry and processed at Denmark's last tannery on Funen. A collaboration that emphasises traceability, quality, and animal welfare.

### New beautiful, durable features

Speaking of beautiful covers, longevity, and sustainable solutions, Bolia has redesigned its stylish Noora and Cosima modular sofas to include changeable and washable covers. This new feature extends the sofas' lifespans, ensures a tighter design, and allows for easy fabric changes to refresh the look.
