Vala Mirrors from BOLIA

Designed by Martin Lauritsen

The Vala mirrors' oak veneer frame is minimalistic featuring sophisticated handcrafted details. They express a subtle play of harmonies. Designed in two formats by Martin Lauritsen, they integrate seamlessly into any interior.

Their minimalistic design stands out with refined details: slightly curved edges that soften their silhouette and an invisible mounting system that keeps them flush to the wall, creating an impression of lightness.

The Vala mirrors add depth, light, and elegance to all types of spaces. Available in two square formats and three rectangular formats, as well as in two finishes (light lacquered oak or dark lacquered oak), they truly adapt to any interior – even humid rooms.

Whether placed vertically or horizontally, they find their place on the bathroom wall or in the hallway. In a spacious living room, they reveal their visual potential in graphic compositions.

With their artisanal quality and timeless design, the Vala mirrors embody the essence of Scandinavian elegance by BOLIA.
